

*Lowe Co.*

LoweCo. is all about fun messages with a crisp and elegant delivery. Because our paper is embossed for texture, you can truly “feel the Lowe”. Whether you want to remind a loved one that you care or only worry about signing your name and letting the cards speak for themselves, you (and the recipient) are in for a treat. A refreshing, delicious treat.

## QUALITY & PRODUCTION

Our luxury cards and paper goods are printed on thick cotton card-stock with Catherine’s signature witty messages blind-embossed on them. All of our paper is sourced locally and selected for the highest quality. Embossed, trimmed and laminated to add thickness of stock, each customer can expect wedding quality elegance.

## OUR 8X8 CARDS

Three of our Nudist Collection messages now on our supersized menu. A giant 8x8 inch white card has a big impact and is perfect for group celebrations with the ability to frame the sentiment. Accompanied with an equally large euro-flap envelope and two postage stamps for easy mailing.

## OUR 3X3 CARDS

(we call these pocos) are perfect for saying “I Love You”, “I Miss You” or “From (insert name here)” and were the original size Catherine used to sneak cards to Sean while filming *The Bachelor*. Use them as a chic alternative to gift tags or labels or as place-cards for the most high-end of dinner parties. Hide in your man’s suit jacket, stick in your girlfriend’s clutch, place on your boyfriend’s pillow.

## OUR 5X5 CARDS

(aka machos) are for times you have more to divulge. Mail to your fun Aunt Liza on her birthday, jot a funny poem for your lover, tell a treasured friend at length what they mean to you. This heavy card-stock is worthy of framing so choose your message carefully and practice your handwriting.

# CARDS THAT GROW™

\*AVAILABLE FOR SPRING/SUMMER ONLY

From our Cards That Grow™ Collection: an eco-friendly initiative featuring plantable high-end greeting cards. These plantable cards are made from paper embedded with non-invasive wildflower seeds.

Imagine a wildflower with a sweet message right on the blooms. After you've shared the card with a loved one, they can plant that very card and watch it sprout into a wildflower. Think of these growable cards as a gift within a gift; a present that any nature-loving, design-appreciating person will covet every season for years to come.

CARDS THAT GROW™ // INTRODUCING HERBS

This holiday season, we are thrilled to introduce HERBS into our coveted Cards That Grow™ Collection. These new additions feature the same eco-friendly and high quality paper, now embedded with **mint**, **basil**, **parsley**, and **thyme** seeds.

With a shelf-life of 3 years, our new herb cards can be gifted all year long for an array of occasions with the security of knowing your recipient can plant them at their perfect time.

Each card will be accompanied with a custom envelope made with 100% recycled paper, encased in compostable packaging and recyclable instructions on how to plant your exciting new card.
